

Interest-Free & Low-Cost Treatment Plans from Harley Court Cosmetic Centres

We all know that to get the best results from your aesthetic treatment you should attend for your appointments regularly.

To make managing the cost of these treatments easier you might be interested in a service that we provide: Interest-Free and Low-Cost Plans to fund your treatment.

Treatment plans paid in 12 months or less are interest-free. For periods over 12 months a small interest charge is applied. See below.

These plans allow you to get the treatment you want without worrying about the cost. You simply work out which treatments you would like over the next year, divide the total cost by 10 or 12 and repay the cost, interest free, by monthly direct debit.

The benefits, at a glance:

- You get the treatment you want, when you want it - treatment that will make you look and feel a million times better
- You get to spread the cost of that treatment over a suitable period
- Interest-free and low-cost plans can be a much more affordable alternative to credit cards or bank loans
- Easy to apply for and simple to repay by Direct Debit
- Provided by leading credit suppliers
